## FOR TEMPORARY HOMES.

(Continued from page 1.)

made of his people released from quar-  
antine, when they would be prevented  
from returning to their former habita-  
tions in the infected district.

W. F. Allen said it was useless to  
think of allowing the people to rely on  
the hospitality of their own friends.  
Already the lodging houses of Chinese  
and Japanese outside the infected line  
were so overcrowded as to demand sani-  
tary inspection. He was in favor of  
establishing small camps, isolated from  
each other enough to prevent danger of  
mutual infection, where the people  
could have refuge until they could set-  
tle down in permanent locations.

Mr. Cooke told of information given  
him by a prominent Chinaman, as to  
how the people ejected from condemned  
houses in Hongkong were protected  
from idleness and want.

Mr. Thurston spoke of a meeting of  
the Legislature, impossible to be had  
while quarantine lasts, as necessary to  
carry out efficient measures.

Mr. Dole said the Government was  
very much in the dark as to the power  
of convening the Legislature, especial-  
ly since the action of President Mc-  
Kinley in stopping the holding of a  
general election.

Mr. Gear, referring to the resolu-  
tions of the Chamber of Commerce re-  
commended the destruction of China-  
town and the adoption of an air space  
ordinance, argued the advisability of  
providing temporary dwellings in dif-  
ferent camps or settlements for hous-  
ing the refugees.

Mr. Thurston suggested to bring the  
matter to a head, that the President  
appoint a committee of as many mem-  
bers as he pleased, whose duty it  
should be to ascertain the probable  
number of each nationality affected  
who were liable to become thrown on  
the care of the community.

Minister Damon approved of the idea  
of having separate camps. He doubted  
the power of the Government to pro-  
vide for the people released.

Mr. Schaefer insisted on the necessity  
of protecting the unfortunate ones  
from destitution.

The proposal for an investigation of  
conditions was adopted.

President Dole advised another con-  
ference next day, to which the investi-  
gating committee should report. Also,  
that a separate committee be appointed  
to report on suitable locations for the  
proposed camps. On Mr. Cooke's  
motion it was decided to have one  
executive committee, it to apportion  
the work between sub-committees.

Minister Young suggested that the  
location should be sought with a view  
to enabling the inhabitants to pursue  
their individual callings. Otherwise  
they would become a burden on the  
community. Referring to the agitation  
against "shacks," he said neither the  
Minister of the Interior nor the Super-  
intendent of Public Works had the  
power to prevent their erection. If  
they complied with certain require-  
ments of strength, etc., the permits  
must issue.

The President appointed the follow-  
ing as the executive committee of  
nine:

W. F. Allen, J. P. Cooke, F. W. Mc-  
Chesney, A. V. Gear, F. M. Swamy, C.  
Wright, E. F. Bishop, W. M. Giffard  
and T. J. King.

Adjourned at 4:10, when the com-  
mittee held a meeting at the same  
place.

"A HEART AS STURDY AS AN  
OAK."

But what about the blood which the  
heart must pump at the rate of 70  
times a minute? If the heart is to be  
sturdy and the nerves strong this  
blood must be rich and pure. Hood's  
Sarsaparilla makes sturdy hearts be-  
cause it makes good blood. It gives  
to men and women strength, confi-  
dence, courage and endurance.

Hood's Pills are non-irritating and  
the only cathartic to take with Hood's  
Sarsaparilla.

## Superstition Didn't Work.

Boston, Dec. 26.—A party of Hebrews  
who had lost two friends who were  
drowned in Quincy bay on Saturday,  
made an attempt to find a trace of the  
bodies yesterday according to an old  
custom. They took their stand on the  
Hull shore at a place where it was  
known the two men had put off in a  
boat and taking a loaf of bread from  
its wrappings they set it afloat in the  
water with a candlestick. According to  
the old belief the bread would float to a  
place in the water directly above where  
the bodies of the two men lay. In-  
stead, however, yesterday it persisted  
in floating ashore here, and after sev-  
eral hours' trial, the men gave it up  
and went home.

OFFICE OF THE BOARD OF  
HEALTH.

Honolulu, H. I., Jan. 8, 1900.  
At a meeting of the Board of Health  
held this afternoon a resolution was adopt-  
ed with relation to steamers leaving Hon-  
olulu for Island ports, which provides as  
follows:

1. That all steamers or other vessels  
engaged in inter-island commerce, are pro-  
hibited from approaching closer than 100  
feet to the wharves, except by special per-  
mission of the Board of Health, and that  
they proceed outside the harbor and re-  
main at anchor during the night.

2. That no passengers be allowed to  
leave Honolulu for other ports on the Is-  
lands until further notice. This does not  
apply to Japanese laborers from the Quar-  
antine Station at Maunaloa to the steamer  
without communication with the shore, or  
to cabin passengers who have been trans-  
ferred directly from foreign steamers with-  
out communication with the shore.

3. That shipment of food and fodder  
materials be allowed only when same are  
transhipped from foreign vessels lying in  
the stream (without having touched the  
wharf.)

4. That shipment of the following  
articles, not liable to infection be permitted  
from the port of Honolulu under super-  
vision of the Board viz:

Cofn in bags (after boiling or disinfec-  
tion), Lime, Machinery, Coal from vessels  
in harbor only, Bricks, Portland Cement,  
Sugar bags (when same are disinfected by  
steam or other effective means), and such  
other articles as the Board may deem  
equally uninfected.

C. B. WOOD,  
President Board of Health.
